

## Annex 5. Individual Contracting Party figures for indicators in discharges from the nuclear fuel reprocessing sub-sector

## France

Total alpha discharges from the nuclear fuel reprocessing sub-sector for France for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Total beta (excluding tritium) discharges from the nuclear fuel reprocessing sub-sector for France for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Total Tc-99 discharges from the nuclear fuel reprocessing sub-sector for France for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Cs-137 discharges from the nuclear fuel reprocessing sub-sector for France for the period 1995 to 2013. Time periods indicated are baseline period (black), assessment period (white) and intervening years (grey).

Pu-239,240 discharges from the nuclear fuel reprocessing sub-sector for France for the period 1995 to 2013. Time periods indicated are baseline period (black), assessment period (white) and intervening years (grey).

Tritium discharges from the fuel reprocessing sub-sector for France for the period 1995 to 2013.

## United Kingdom

Total alpha discharges from the nuclear fuel reprocessing sub-sector for the UK for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Total beta (excluding tritium) discharges from the nuclear fuel reprocessing sub-sector for the UK for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Total Tc-99 discharges from the nuclear fuel reprocessing sub-sector for the UK for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Cs-137 discharges from the nuclear fuel reprocessing sub-sector for the UK for the period 1995 to 2013. Time periods indicated are baseline period (black), assessment period (white) and intervening years (grey).

Pu-239,240 discharges from the nuclear fuel reprocessing sub-sector for the UK for the period 1995 to 2013. Time periods indicated are baseline period (black), assessment period (white) and intervening years (grey).

Tritium discharges from the fuel reprocessing sub-sector for the UK for the period 1995 to 2013.
