

Annex 3. Individual Contracting Party figures for indicators in discharges from the nuclear fuel production and enrichment sub-sector

Germany

Total alpha discharges from the nuclear fuel production and enrichment sub-sector for Germany for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Netherlands

Total alpha discharges from the nuclear fuel production and enrichment sub-sector for the Netherlands for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Total beta (excluding tritium) discharges from the nuclear fuel production and enrichment sub-sector for the Netherlands for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Spain

Total alpha discharges from the nuclear fuel production and enrichment sub-sector for Spain for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

United Kingdom

Total alpha discharges from the nuclear fuel production and enrichment sub-sector for the United Kingdom for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).

Total beta (excluding tritium) discharges from the nuclear fuel production and enrichment sub-sector for the United Kingdom for the period 1995 to 2013. Time periods indicated are baseline period (black columns), assessment period (white columns) and intervening years (grey columns).
